Polyethylene bucket 1.000 L.

Description

Polyethylene tank for one 1,000-litre tank, with a load capacity of up to 2,000 kg. Dimensions: 1,750 x 1,450 x 600. Made of polyethylene, extending its lifespan as it will not react adversely with chemicals or environmental agents. The retention tank should only be transported without a load.

Technical data

Reference	3063-PE
